You will notice a number in parentheses on the menu. This number tells you how many servings of carbohydrate are in each item. Most people with diabetes need about 3-4 servings (45-60 grams) of carbohydrate per meal. **1 serving of carbohydrate equals 15 grams. A registered dietitian can help you determine how many servings of carbohydrate you need at each meal. Please call 614-437-2882 or 614-437-2841 for assistance.**

For example:

1 serving = 15 grams
2 servings = 30 grams
3 servings = 45 grams
4 servings = 60 grams
5 servings = 75 gram

Chicken Mornay
Rice w/celery onion (1)
Diced Carrots
Fresh apple (1)
Wheat bread (1)

These foods have carbohydrates. The number to the right of the item tells you how mservings of carbohydrates. Notice, the carrots do not have a number. That's because they have very little carbohydrates.

If you need to cancel,
please call 888-656-
6831 or 614-278-3152
any day *before* your
scheduled delivery or
no later than 8:30am
the day of delivery.
